

Michigan Physician Workforce Requirements Assessment Project Review and Update

Meeting of the Steering Committee for the Blue Ribbon
Group on Physician Supply for the State of Michigan

August 23, 2005

Gaetano J. Forte
Center for Health Workforce Studies

Presentation Overview

- Project Overview
- Project Components
 - Current Physician Supply in Michigan
 - Medical Education and Graduate Medical Training in Michigan
 - Population and Demographic Trends in Michigan
 - Future Physician Supply and Demand in Michigan
- Project Products

The slide features a dark blue background with the text "Project Overview" centered in white. Six decorative circles are arranged around the text: three in the top row and three in the bottom row. The top-left and bottom-right circles are hollow outlines, while the other four are solid dark blue. The text is positioned between the top-right and bottom-right circles.

Project Overview

Project Purpose

- To develop an up-to-date systematic assessment of the physician workforce in Michigan
- To assess the medical education and training efforts in the Michigan and understand their contributions to the supply of physicians in the state
- To assess the likely demographic changes in Michigan over the next 10 years
- To forecast the supply of and demand for physicians in Michigan over the next 10 years under a variety of likely scenarios

Project Components

Project Components

- Current Physician Supply in Michigan
- Medical Education and Graduate Medical Training in Michigan
- Population and Demographic Trends in Michigan
- Future Physician Supply and Demand in Michigan

Current Physician Supply in Michigan

This component will include:

- Basic physician counts and ratios per population
- Specialty distributions
- Demographic profile of physicians practicing in the state
- Current practice patterns
- Details on the education and training of physicians practicing in the state

Medical Education and Training in Michigan

This component will include:

- Profile of medical education in the state
- Historical outcomes of medical education in the state
- Profile of graduate medical training in the state
- Historical outcomes of graduate medical training in the state
- Assessment of medical school capacity

Population and Demographic Trends in Michigan

- Profile of current Michigan population by:
 - Age
 - Gender
 - Race/ethnicity
 - Health status
 - Insurance status
- Population projections

Future Physician Supply and Demand in Michigan

- Modification of existing forecasting models
- Multiple scenarios
- Forecasts through 2015

Project Products

Project Products

- Preliminary Supply and Demand Projections
 - September 2005
- State Physician Profile
 - December 2005
- Summary Report
 - March 2006
